

CP With Shibam

Day-19

[A. Polycarp and Coins](#)

```
#include<iostream>

using namespace std;

int main(){

    int t;cin>>t;

    while(t--){

        int n;cin>>n;

        int c=(n+1)/3;

        cout<<n-2*c<<" "<<c<<endl;

    }

}
```

[A. Division?](#)

```
#include<bits/stdc++.h>

using namespace std;

int main()

{

    int t,n;cin>>t;

    while(t--)

    {

        cin>>n;

        cout<<"Division ";

    }

}
```

```
        if(n>=1900) cout<<1;
        else if(n>=1600) cout<<2;
        else if(n>=1400) cout<<3;
        else cout<<4;
        puts("");
    }
}
```
